

Dear Members of the committee, and general public : My name is Mike g Papa from Artscape organic care llc I am in opposition of the Governor proposal to eliminate the CEQ ! Last year I attended few monthly meetings and I noticed the ability of this organization with such little funds to be able to defend the integrity of nature , for the health our state ecology , and people !

Regardless what it is going on today in the name of just for the money((💰))business as usual ... today more than ever we need to keep in mind and understand that a failure of managing our ecology will cost a FORTUNE in chronic diseases and .. to jeopardizing the quality of life in our state will cost ((loss of business))if we fail to keep a disciplined approach in this regard ,no one would like to live In a POLLUTED Connecticut . I ask to restore and increase the funds on CEQ To assure a balance in the economical growth and the quality of life in our state . Sincerely Mike g Papa. 203-252-1954
